INTRODUCING THE NEW GENERATION

The lightweight Easipower Plus has been designed to deliver 15% more power than the original model, and now comes supplied with soft grip overmouldings to improve operator comfort and tool support on inclined surfaces. It is suitable for use with low to medium viscosity materials and will cope easily with a wide range of cartridge and sachet systems.

Well-balanced and easy to use, Easipower Plus is designed and manufactured in the UK by PC Cox, the world's leading manufacturer of sealant and adhesive applicators.

Easipower Plus[™]

**NEW
PRODUCT**

COX FOR QUALITY APPLICATORS

The latest generation of Cox Easipower Plus dispensers provides the ideal portable tool for the **semi-professional user**. Manufactured in the UK to strict ISO standards, Easipower Plus sets the benchmark for reliable **battery-powered** applicators which are easy-to-use, **lightweight** and ergonomically designed. Its sophisticated electronic control system delivers material in a smooth and precise manner. The speed sensitive trigger switch also enables less experienced operators to produce consistent beads of material on a repeated basis.

PRODUCT APPROVALS

The Easipower Plus dispensers have all been extensively tested to ensure that they meet all the latest CE requirements. The batteries are fully UN compliant and the battery chargers are IEC60335 and UL approved.

Easipower Plus™

The lightweight cordless solution

Latest Li-Ion Battery Technology

- Rechargeable 10.8V lithium-ion battery
- Fully charged within 30 minutes of using a universal charger
- High energy densities
- No memory loss –can be charged at any time (doesn't have to be run empty first)
- Considerably less loss of charge when not in use (charge still in place even after months of limited use)
- All applicators are supplied with ONE battery as standard; a second battery can be supplied on request at an additional cost

RANGE FEATURES

- Variable speed control for easy management of material flow
- Non-drip auto reverse function: rack will pull back automatically when the trigger is released preventing material overflow
- Lightweight and comfortable to use
- Overload shut off to prevent damage to parts and electronics when overloaded

Easipower Plus Cartridge

EasipowerPlus™ CARTRIDGE

- Low – medium viscosity
- Metal frame with support straps to secure cartridge in place
- Reinforced front plate for extra stability
- Maximum (no load) speed: 9mm/sec

For 400ml Cartridges

- Low viscosity
- NON-reinforced front plate (for low viscosity ONLY)
- Maximum (no load) speed: 9mm/sec
- Metal frame

For US Quart Cartridges

- Low viscosity
- NON-reinforced front plate (for low viscosity ONLY)
- Maximum (no load) speed: 9mm/sec
- Metal frame

Easipower Plus Combi for Sachets AND Cartridges

EasipowerPlus™ COMBI

- Low – medium viscosity
- Most versatile tool for cartridges AND sachets
- Maximum (no load) speed 9mm/sec
- Light aluminium barrel

Easipower Plus Coaxial

EasipowerPlus™ COAXIAL

- Low – medium viscosity
- 2-component coaxial cartridge
- Maximum (no load) speed 9mm/sec
- Light aluminium barrel
